

# Hood

*Solutions for Bio-Security*

**Medical/surgical  
Infection Control  
Food Processing  
Pharmaceutical  
Industrial**

## **Uses:**

Generous size hood with liberal ties guarantees product utilization and comfort, containment of hair during all clinical and surgical procedures. Shaped for comfort and to adequately cover hair, forehead and ears for maximum protection in clinical and industrial applications.

A wide neck wrap tie gives added security, comfort and ensures stability.

Assuring full hygiene protection in all preparation and processing areas requiring conformity to foreign matter contamination and safety.

May be used in other areas where wearer comfort is considered and design preferred.

\*Very long hair may first need to be tied up and pinned.

## **Features:**

- Microfilament construct prevents material fibers and lint shedding.
- Soft and lightweight, breathable, air permeable.
- Available in White, Blue, Green
- Latex Free

## **Order Information:**
